

**More  
than early  
learning,  
an inspiring  
start to life**

# Welcome to Only About Children Highett

Only About Children (Oac) is Australia's leading early learning and kindergarten provider for 0-6 year olds. We embrace a holistic 21st century approach to high quality early learning, focused on early year's education, health and wellbeing in state of the art, purpose-built campuses.

Qualified and passionate educators lead our dedicated teams from newborn care through to school readiness programs, so your child can receive continuity of care in an early learning environment where they feel safe, nurtured, stimulated and happy.

We call it the Oac Way. It's our way of ensuring all children reach their full potential in life.

# OAC HIGHETT

Our Oac Highett campus is located at 491 Highett Road, Highett.

This campus has been architecturally designed to dazzle children's senses, invite curiosity and inspire. We have created an inspiring and exciting play and learning space built specifically for the development of our nursery, toddler and kindergarten children.

Highlights of this campus include:

- A modern design set over 3 stories with separate state of the art learning and play environments
- The ground floor features a large underground car park for easy drop off and pick up
- Level 1 is the dedicated toddler and kindergarten rooms which include dedicated art, music and library spaces
- The large outdoor play space includes a bike track and sports court. As well as a kitchen garden along with ergonomic play hills and sandpits
- Level 2 features a private and nurturing nursery with dedicated sleep rooms for young babies and their own safe, purpose built play yard
- Strong sustainability focus with rainwater Irrigation and solar panels
- Campus Cook and onsite kitchen serving breakfast, lunch, and snacks from 7:15am
- Café style dining for children.

The fee is inclusive of all meals, incursion, excursion and campus programs.

**“More than opening a new campus, we’re opening young minds.”**

State of the art learning and play environments for nursery, toddler and kindergarten aged children with dedicated library, music, art and school readiness spaces

Two large outdoor playscapes with a bike track, sports court, sandpits drenched in morning and afternoon sunlight

# What is it that makes Oac so special?

Well, we give children more than education – our holistic care encompasses everything from health and wellbeing, to creative expression.

When your child attends Oac, here's what comes as part of the package:

## Real relationships

Every Oac Educator is passionate about supporting children to thrive. With one dedicated primary Educator for every four babies, we're able to do more than just teach; we can build genuine connections, trust and rapport.

## A home away from home

We know that every child is unique, so we work closely with parents to develop routines that mirror what you do at home. We also provide all the essentials your child may need, including cot linen, nappies, Avent bottles, formula, milk, sunscreen and more.

## Learning every day

The Oac Grow curriculum has been expertly designed to encourage children to explore, solve problems, create, construct and interact with peers.

## Health close at hand

Through Oac Health, we provide screenings and advice via our in-house allied health specialists in Occupational Therapy, Speech Pathology, Hearing and Vision – giving you access to expert advice.

## Physical confidence

Motor skills are an important part of a child's development, so we've developed Oac Active: a play-based program designed to support wellbeing, confidence and enjoyment of physical activity.

## Food for thought

Good nutrition plays a vital role in children's physical and mental development. We engage an accredited and renowned nutritionist to create fresh seasonal menus prepared daily by our Oac Cooks.

## Constant connection

We want to share your child's developmental journey with you as much as we can. Luckily with today's technology, we can keep you in the loop via Oac Connect – an app that enables us to send daily updates, reports and photos directly to your smartphone.

## A close-knit community

At Oac, we know it takes a village to raise a child, and we pride ourselves on building respectful, proactive partnerships with parents and our community. Through regular campus social events, we bring families together to create a broader support network for every child.

# Encouraging every child to reach their potential.

Now accepting enrolments - opening early October 2017.
